NYAYAVAANI: OFFICIAL INVESTOR & GRANT PITCH DOSSIER

AI Vernacular Telephonic Emergency FIR & Legal First-Responder for Bharat
Bollareddy Pranoy Raj & Co-Builder | GovTech / LegalTech / Conversational Speech AI

1. EXECUTIVE SUMMARY & PROBLEM STATEMENT

Over **95% of citizens in Tier-2/3 India** struggle to access emergency legal counsel during financial fraud and crime distress. In 2024–2026, over ■**1,750 Crores** were lost to "Digital Arrest" and cyber extortion scams. In panic, citizens call over noisy 8kHz cellular lines in code-mixed Hinglish or Telugu. Crucial bank freeze windows (the 2-hour Golden Hour) are routinely lost due to lack of legal awareness of the newly enacted **Bharatiya Nyaya Sanhita (BNS 2023)**.

2. THE PRODUCT: NYAYAVAANI VOICE ENGINE

NyayaVaani converts any regular telephonic or cellular voice line into a 24x7 intelligent, empathetic first-responder:
• **Gnani Prisma v3.0 STT:** Robust 8kHz narrowband mobile noise tolerance, code-mixing & auto language ID.
• **Gnani Evon 30B LLM:** Automated statutory legal mapping under BNS 2023 (Sec 308, 318, 319, 351) & IT Act Sec 66D.
• **Gnani Timbre v3.0 Neural TTS:** Calms victims in regional mother tongues using empathetic acoustic tags.
• **BNSS Form 154 Bilingual FIR:** Auto-generates certified PDF dockets ready for police station dispatch.

3. MARKET SIZE & GOVTECH MONETIZATION

• **TAM (Total Addressable Market):** ■14,500 Crores (Indian Legal Services, Citizen Helplines, Bank Fraud Systems).
• **SAM (Serviceable Addressable Market):** ■3,200 Crores (State Police 112/1930 Triage Modernization).
• **Revenue Streams:** B2G State Police Annual Licensing + Per-Transaction Bank Fraud Recovery API Fee.
